

Introduction

Storytime Online is an easy-to-use video series created by English for Asia and produced by Dinkum Productions to enable primary school students in Macao to continue their English studies in the safety of their own homes. Each Storytime lesson uses the same structure to enable students to enjoy English in an authentic and interactive way.

概述

「線上講故事」是由亞洲英語設計並由 Dinkum Productions 公司製作的一套簡單易用的教學視頻系列，讓本澳小學生可安坐家中繼續學習英語。每節課堂均採用相同的課堂結構，讓學生透過互動方式學習純正的英語，感受學習英語的樂趣。

Storytime Structure

Each lesson comprises three simple stages which allow students to enjoy a fun story while exploring its language.

課堂結構

每節課分三個簡單階段進行，讓學生能一邊探索故事中的詞彙，一邊享受聽故事的樂趣。

Stage 1: Learn

- Students complete a Word Quiz on Kahoot to familiarise themselves with the key vocabulary featured in the story.

第一階段：學習

- 學生在 Kahoot 完成生詞問答遊戲，以認識故事中的主要詞彙。

Stage 2: Watch

- Students watch the video story.

第二階段：觀賞

- 學生觀賞故事視頻。

Stage 3: Apply

- Students complete a Book Quiz on Kahoot to test their understanding which in turn helps them to retain the story.
- Students complete the accompanying worksheet to demonstrate their retention of the story.
- Students complete a language production task, (i.e.) a story map placemat, to recreate the story which enables them to tell the story to others.

第三階段：活用

- 學生在 Kahoot 完成故事問答遊戲，以測試他們對故事的理解程度，並幫助他們加深記憶。
- 學生完成課堂上派發的工作紙，以展示他們學到的故事內容。
- 學生透過完成語言運用活動（例如：繪畫故事地圖遊戲板）來重現故事內容，讓他們也能夠向其他人講述故事。

What do I need to do?

As a class teacher, all you need to do is to distribute the Materials and Resources to students in the order presented above. Further guidance notes for each activity are provided below.

我需要做甚麼？

教師只需按上述流程向學生派發課堂材料和資源進行相應活動。更詳細的教學指引如下：

Resource 資源	Suggested Usage 建議用法
1. Kahoot Word Quiz Kahoot 生詞問答遊戲	Ask students to try the <u>Word Quiz</u> to introduce key vocabulary from the story. If continued dialogue with students is available, ask them to submit their score (or take a screenshot/photo). 讓學生嘗試進行 <u>生詞問答遊戲</u> ，以認識故事中的主要詞彙；如果能持續跟學生交談，可要求他們提交所得分數（或擷取分數的截圖／拍下照片）。
2. Storytime Online Video 線上故事視頻	Ask students to watch the Storytime online video (as many times as they wish). 讓學生觀看線上故事視頻（不限觀看次數）。
3. Kahoot Book Quiz Kahoot 故事問答遊戲	Ask students to test their understanding of the story by taking the <u>Book Quiz</u> and report their score. Students can re-watch the video to help. 讓學生進行 <u>故事問答遊戲</u> 並報告所得分數，以測試他們對故事的理解程度。如有需要，學生可再次觀看故事視頻。
4. Storytime Worksheet 故事工作紙	Ask students to complete the Storytime worksheet. The questions in section two follow a standard reading rubric asking students to provide information on the Sequence, Setting, Characters, Problem and Resolution in the story. Students can re-watch the video to help. 讓學生完成故事工作紙；第二部分的問題根據標準的閱讀規則設定，因此會要求學生說出故事的時間順序、背景、人物、衝突和結局。如有需要，學生可再次觀看故事視頻。 Teachers may consider asking students to film themselves retelling the story using their completed placemat. Students may wish to laminate their placemats for continued use/revision at home. 教師可考慮要求學生拍下影片，讓他們在影片中使用已完成的工作紙把故事複述一次；學生也可將工作紙過膠，以便在家中重覆使用或溫習。
5. Production Task Template (i.e.) a story map placemat 語言運用活動模板（例如：故事地圖遊戲板）	For the language production element of the lesson, students are asked to recreate the story by drawing it on a placemat. Students can then use their finished placemat to tell the story to their family, friends or to their classmates when they return to school. 針對課程中的語言運用部分，可要求學生在遊戲板上以畫畫的方式重組故事；學生重返校園時，可使用已畫好的遊戲板向家人、朋友或同學講故事。
6. Student Grading Sheet (optional) 學生評分表（可選用）	Upon completion of the Storytime Worksheet, teachers can complete the grading sheet to provide feedback to each student. 學生完成故事工作紙之後，教師可選擇填寫評分表，向每位學生給予點評。
